To enable the competitions to be completed within a specified time, it is essential that members adhere to the time-frame set for the games, and co-operate with the appropriate Tournament Director.

Other bowls events and competitions

Throughout the season Bowls Tasmania South, Bowls Tasmania and other Bowls Clubs conduct a series of individual and team competitions, and nominations for these are displayed on the appropriate noticeboards.

Pennant Competitions - Outdoors

The Club has men's, ladies and mixed teams participating in regular outdoor pennant divisional competitions. The outdoor pennant bowls season commences in September and runs through till March/April.

Saturday and Mid-week (Wednesday) pennants commence at 1.00PM with all bowlers to be at the game half an hour early for a roll up prior to the game. Games finish at approximately 4.30PM. The ladies pennant is conducted each Thursday commencing at 11.00AM and concludes at approximately 3.30PM.

Practice is available at any time to all members. Scheduled pennant practice is held on Tuesday and Thursday nights (men) from 3.00PM and Tuesdays during the day (ladies) from 10.00AM.

Pennant teams (ladies) are selected each Monday night and are available to view on the noticeboard within the Club from Tuesday onwards each week. There are a number of different divisions for various abilities and teams are selected based upon player experience/performance and availability.

Each divisional team has a selector and a match manager who looks after the administrative team functions for each game.

Comment [FO1]: FYI - an explanation as to how selection works. For example, there are a number of different divisions for various abilities and teams are selected based upon player experience/performance and availability.

If you are not available on a particular weekend you must advise the Club selector as soon as possible so that a replacement can be arranged. Teams often travel together in a car pool for away games to keep costs down and to promote team unity.

Pennant bowls also provides the opportunity to compete in the southern and state championships with the potential for selection to compete interstate.

Indoor Bowls Centre Activities

The Club operates an indoor bowls centre all year round and which is available to members for bowls practice during the summer and organised competitions and events during the winter. It specialises in conducting pennant, social, corporate and barefoot bowls events and “soft” recreational activities.

Second hand sets are often available on e-bay and in the paper. Otherwise Club second hand bowls are available for loan to new bowlers for their first season.

Twilight Social Bowls

The Club conducts regular twilight social bowls during the bowls season on Friday nights. Participation in these competitions requires a registration fee and a nightly green fee, which covers bowls hire, tuition, BBQ and prizes.

These fun and social competitions start at 6.00PM and conclude around 8.00PM, involve teams of four who play twelve ends per game with allowances for all participants to enjoy refreshments during the game.

Petanque

A game for all, young and old, a great family game.

Simple rules and similar tactics to lawn bowls. The Club has a superb terrain behind the Clubhouse just waiting for you to try out. Behind the bar there is a set of Club Boules and Rules. (Dead easy to follow and there are not many of them).

Borrow the Boules and have a try. It's a simple game, but just like lawn bowls the more you play the more you see the skills involved.

Club members play most Friday evenings and Sunday mornings in the summer and on Sunday mornings during winter.

Costs vary depending upon the nature of the booking.

Coaching

The Club has volunteer accredited coaches who are more than willing to spend time with members to improve your skills and enjoyment of the game. The Club Secretary can supply the names of coaches and the times that they are available.

Club Championships

Club Championships are conducted each season. The entry fee for each competition is included in your annual subscription. Championship events are open to A Grade, B Grade and junior members.

Use of Clubrooms by members

Clubrooms are available for members to use for personal functions and special occasions. Please contact the Club Providore for further details.

Bar Operations

The Club operates a licensed bar and bar staff are required to adhere to the *Responsible Serving of Alcohol* guidelines and we are a member of the Good Sports Program. On Friday nights, there is a 'Happy Hour' commencing at 5.30pm with a Members draw each week. The opening times for the bar are displayed on the front door.

Providore – Kitchen Roster

One of the important fundraising activities for the Club is the operation of the kitchen for social activities, catering for private functions and pennant. The Club presently has engaged private caterers, namely Wood & Baillee, who provide all the catering for private and Club functions. The Providore controls the operation of the kitchen and is to be contacted in the first instance if arranging a function within the Clubrooms.

Around the Club

Please look out for opportunities to do small but important jobs around the Club. If you see a member carrying out some duties don't be afraid to offer assistance. A little help from everyone is all that is needed to make things work smoothly.

Etiquette

Etiquette plays a major part in lawn bowls and has done so since the game's inception. Simply put, bowling etiquette is a code of behaviour that bowlers around the world adhere to, both on the green and in the Clubhouse. First and foremost bowlers should remember to the old adage "*Do unto others as you would them do unto you*". Bowls is a friendly game and consideration for others, courtesy and good sportsmanship are the major parts of its appeal. Considerate and common sense are the keys to acceptable standards.

We look forward to receiving your membership application. If you have any queries, please do not hesitate to contact us.

Enquires regarding twilight and corporate bowls and the loan of second hand bowls should be directed to the IBC Coordinator.
